

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Nivagen Pharmaceuticals, Inc. is issuing a recall for Atorvastatin Calcium Tablets, USP 40 mg. This recall has been initiated due to product quality issue i.e., quality complaint regarding 01 tablet mixup of Carbamazepine Extended-Release Tablet, 400 mg with subject batch). Use of Carbamazepine Extended-Release Tablet, 400 mg instead of Atorvastatin Calcium Tablets, USP 40 mg does not produce major health hazards, except side effects of carbamazepine such as dizziness, drowsiness, ataxia, nausea, and vomiting. We had distributed this product between July 26, 2024 to August 30, 2024 to distributors.
