

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

As a precautionary measure, Lupin Pharmaceuticals, Inc. is initiating **recall** of **eight lots** of Ramipril Capsules USP 2.5 mg, **eight lots** of Ramipril Capsules USP 5 mg and **thirteen lots** of Ramipril Capsules USP 10 mg to the **retail level**. These drug product lots are being recalled due to a notification received from the active pharmaceutical ingredient (“API”) manufacturer that one of the key starting materials used in production of active pharmaceutical ingredient was sourced from an unapproved vendor.

The health hazard cannot be predicted as the key starting material received, API produced, and drug product lots manufactured all met specifications.

The recalled lots were distributed between September 2023, and October 2024, to wholesalers and distributors, drug chains and pharmacies nationwide.

Ramipril Capsules USP 2.5 mg

Lot Number	Expiry Date	NDC	Pack
