

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This letter is to inform you that **Noven Pharmaceuticals, Inc.** is initiating a voluntary drug recall involving: **XELSTRYM (dextroamphetamine) transdermal system.**

XELSTRYM patches in lot# 95598 were found to be out of specification (OOS) for Coldflow. Cold flow is defined as the amount of adhesive that flows beyond the normal and defined borders of the patch. This can result in poor transdermal product performance on the skin, decrease in the drug flux across the skin and undesirable drug exposure.

**\*\*This recall applies ONLY to the lot indicated in this notification\*\***
