

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Eugia US LLC (f/k/a AuroMedics Pharma LLC) has initiated a voluntary recall for the product **Progesterone injection USP, 500mg/10 mL (50mg/mL) [Multiple Dose Vial] Lot No.: 1PR24010** due to a product complaint of a glass piece in the vial. The presence of foreign particles like glass can trigger inflammatory response, leading to pain, swelling, redness and heat at the injection site.

Progesterone injection USP, 500mg/10 mL (50mg/mL) is a sterile, clear, colorless to yellowish oily solution and is supplied as 10ml Multi dose vial, packaged individually, stored at 20°C to 25°C (68° to 77°F).

Eugia US LLC began shipping this batch to customers nationwide on August 5, 2024. Immediately examine your inventory and quarantine product subject to recall.
