Business, Consumer Services and Housing Agency
Department of Consumer Affairs
Gavin Newsom, Governor

To: Board Members

Subject: Agenda Item XVI. Executive Officer's Report

a. Discussion of Board's Response to COVID-19 Pandemic and Actions Taken by Other Agencies

As the pandemic has continued, the Board continues to dedicate significant resources to its response to the COVID-19 public health crisis both independently as well as in collaboration with other government agencies. The Board continues to rely on its subscriber alert system, Twitter account and website to serve as the primary communication tools for licensees and members of the public.

The Board's website has centralized COVID related information on a dedicated webpage that is accessed from the Board's [homepage](#). This allows for stakeholders to find the information easily, while also ensuring stakeholders can easily find other important including alerts about changes in the law and recent information.

The COVID-19 Information page includes a list of all current and expired [Pharmacy Law waivers](#), with the text of the waivers available through a link and important information from the California COVID-19 Vaccination Program, vaccine coadministration, information on monoclonal antibody treatment, and waivers issued by the DCA Director.

DCA Director Waivers

On April 20, 2021, DCA Director Kirchmeyer issued [DCA Waiver DCA-21-142](#) Order Waiving Staffing Ratio of Pharmacists to Pharmacy Technicians Relating to Administering COVID-19 Vaccines. Under the provisions of this waiver, pharmacists engaged exclusively in initiating and administering COVID-19 vaccines, and pharmacy technicians engaged exclusively in administering COVID-19 vaccines under the direct supervision and control of such pharmacist, may increase the ratio to allow one pharmacist to supervise no more than two pharmacy technicians.

Subsequent to the release of the DCA waiver, though his delegated authority, on April 21, 2021, President Lippe amended and reissued the

[Board's Mass Vaccination Waiver](#) to provide for a similar ratio increase, where the pharmacist and pharmacy technicians are solely involved in vaccinations, as specified. Consistent with delegated authority and in coordination with the California Department of Public Health, President Oh extended this waiver through June 30, 2022, or until 90 days following the declared disaster, whichever is sooner.

Similar to the Board's waivers, waivers issued by Director Kirchmeyer have been allowed to expire. Waivers remaining are largely to facilitate immunization and testing efforts.

On August 25, 2020, the DCA Director issued [DCA-20-45](#), an order that waives specified professional licensing requirements and amends the scopes of practice of pharmacists and pharmacy technicians to allow them to perform waived, point-of-care tests used to detect SARS-CoV-2; this order remains in effect. As previously reported, the Board developed a process to issue mobile pharmacy licenses under the provisions of Business and Professions Code (BPC) 4062 to pharmacies wishing to provide testing at temporary locations consistent with authorizing provisions found within the purview of Laboratory Field Services with the California Department of Public Health. To date the Board has approved 55 mobile pharmacies for this purpose of COVID-19 testing.

Further, on December 22, 2020, the DCA Director issued [DCA-20-103](#), an order that waived provisions that prohibit pharmacy technicians from administering COVID-19 vaccines under specified conditions. Further, consistent with the mobile pharmacy licenses under the provisions of BPC 4062, a process was established for pharmacies wishing to use pharmacy technicians as part of the vaccination team outside of the license pharmacy. To date the Board has approved over 3,284 mobile pharmacies for this purpose.

Broad Waivers Issued/Extended

In response to the recent surge in cases, President Oh, through delegate authority granted by the Board, has reissued several waivers. President Oh recently also authorized a waiver related to approved COVID-19 therapeutics.

The Board currently has four broad waivers. Provided below is a brief summary of each waiver and the current expiration date.

1. [Mass Vaccination Sites](#)

Summary: Provides for the storage and redistribution of COVID-19 vaccines in compliance with CDPH and CDC Guidance Related to Mass

Vaccination Sites and allows for the use of pharmacy technicians as part of the vaccination team at such sites sponsored by state or local authorities directly or through contractual arrangements with third parties. Further, this allows for an increase in the ratio of pharmacist to pharmacy technicians under specified conditions.

Effective: April 21, 2021

Expiration: June 30, 2022, or 90 days following termination of the declared disaster, whichever is sooner.

2. [Remote Processing](#)

Summary: Waives limitations on the provisions of remote order entry.

Reinstated: September 3, 2021

Expires: December 31, 2021, or 30 days after the emergency declaration is lifted, whichever is later.

3. [Staffing Ratio of Pharmacists to Intern Pharmacists and General Supervision – Immunizations \(BPC section 4114\)](#)

Summary: Increases the ratio of pharmacists to intern pharmacist under specified conditions.

Amended and Reissued: October 14, 2021

Expiration: June 30, 2022, or 30 days after the emergency declaration is lifted, whichever is sooner.

4. [Prescriber Dispensing of COVID-19 Oral Therapeutic Medication to Emergency Room Patient \(Including BPC sections 4068\(a\)\(1\), 4068\(a\)\(5\), 4068\(a\)\(6\) and 4076.5](#)

Summary: Lifts prohibition against a prescriber dispensing FDA authorized or approved COVID-19 therapeutics to an emergency room patient under specified conditions.

Effective: January 14, 2022

Expiration: June 30, 2022

Site Specific Waivers

As conditions in California have improved and out of state travel has resumed, site specific waivers have decreased. As of April 19, 2022, the Board has issued 73 licenses and renewed 272 licenses with an approved waiver of the in-person inspection. In such instances a desk audit was completed prior to submission of a recommendation to the president for consideration of the waiver request.

Temporary Licenses

Since early in the pandemic, the Board has worked to issue temporary licenses to address distribution of PPE, ventilators, and vaccinations, as well as temporary licenses for surge locations and other pharmacies. As of April 19, 2022, the Board has issued 41 temporary licenses.

Operational Changes

Staff and management completed SWOT analyses to determine the long-term teleworking strategies for each of the office positions. This position specific approach has allowed the Board to manage ongoing teleworking for staff while continuing to balance office operations. Recently, the Department of General Services released its Statewide Telework Policy. Since that time, office staff have completed updated agreements.

In late July Governor Newsom announced action to combat the spread of COVID-19 and protect vulnerable communities by implementing the first-in-the-nation standard to require all state workers to either show proof of full vaccination or to be tested at least once per week. Since that time state agencies have been working on implementation. Board staff and members that have not provided proof of vaccination are completing testing in compliance with the requirements.

b. CURES Update

As was discussed during the January meeting, the California Department of Justice (DOJ) transitions to a new vendor, Bamboo Health, to perform prescription data collection services for the Controlled Substances Utilization Review and Evaluation System (CURES). This change becomes occurred in mid-February.

More recently, on April 11, 2022, the Department of Justice implemented additional changes to the CURES functionality including provisions for delegate users. The provisions specific to delegates are established in regulations currently undergoing review by the Office of Administrative Law. Provisions for interstate sharing are also in process. Additional information is available is available [here](#).

c. Biannual Report of the California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE) and the North American Pharmacist Licensure Examination (NAPLEX)

The Board publishes a biannual report of the pass rates for the CPJE and NAPLEX exams. **Attachment 1** includes the aggregate information for examinations administered between October 1, 2021 and April 1, 2022. The report includes pass rate information for the 1,649 CPJE exams administered

during the reporting period. The overall pass rate for the CPJE is 44.7 percent and is 82.4 percent for the NAPLEX.

d. Licensing Statistics Including Processing Times

On a quarterly basis, the Licensing Committee generally reviews licensing statistics and processing time. With the Committee's focus on the Pharmacy Technician Summit, updated statistics are provided as part of the Executive Officer Report. The quarterly licensing statistics for the first nine months of fiscal year 2021/2022 are provided in **Attachment 2**.

As of March 31, 2022, the Board has received 10,353 initial applications, including:

- 1,372 intern pharmacists
- 2,127 pharmacist exam applications (577 new, 1,550 retake)
- 90 advanced practice pharmacists
- 4,050 pharmacy technicians
- 310 community pharmacy license applications (304 PHY - 87 chain, 217 nonchain, 5 PHE, 1 PHR)
- 51 sterile compounding pharmacy license applications (46 LSC, 5 LSE, 0 SCP, 0 SCE)
- 108 nonresident pharmacy license applications
- 29 hospital pharmacy license applications (27 HSP, 0 HPE, 2 DRM, 0 DRE)

As of March 31, 2022, the Board has received 460 requests for temporary site license applications, including:

- 250 community pharmacy license applications
- 41 sterile compounding pharmacy license applications
- 82 nonresident pharmacy license applications
- 27 hospital pharmacy license applications

As of March 31, 2022, the Board has issued 7,392 individual licenses, including:

- 1,350 intern pharmacists
- 1,468 pharmacists
- 148 advanced practice pharmacists
- 4,156 pharmacy technicians

As of March 31, 2022, the Board has issued 382 site licenses without temporary license requests, including:

- 116 automated drug delivery systems (98 AUD, 18 APD)

- 71 community pharmacies
- 3 hospital pharmacies

As of March 31, 2022, the Board has issued 373 temporary site licenses, including:

- 216 community pharmacies
- 30 hospital pharmacies

California State Board of Pharmacy CPJE Statistics October 1, 2021 – April 1, 2022

The charts below display data for all candidates who took the CPJE examination between October 1, 2021 and April 1, 2022, inclusive.

The Board also displays NAPLEX scores associated with any candidate who took the CPJE during this time period and was reported to the Board, regardless of when the NAPLEX may have been taken (it could have occurred outside the six-month reporting period noted above). Typically, the Board reports CPJE performance data at six-month intervals.
