

ARTICLE 4.7 RADIOPHARMACEUTICALS: SUPPLEMENTAL STAFF RECOMMENDED RESPONSES TO COMMENTS RECEIVED DURING THE 45-DAY COMMENT PERIOD AND REGULATION HEARING

Section	Commenter	Comment	Response
Article 4.7	Mark Johnston (CVS Health)	Generally commented that the Board’s proposed article 4.7 regulations related to hazardous drugs should be limited to compounding of hazard drugs	Board staff have reviewed the comment and considered feedback from members. Board staff are offering changes to the article in each of the subsections to limit the scope of the article to generally apply to facilities that compound HDs or facilities that perform “other manipulations” as included in Table 1 of the USP Chapter 800 of antineoplastic HDs.
